

PROGRAMME ALIGNMENT – 114059

SO - Specific Outcomes

AC - Assessment Criteria

AC Assessment Criteria		Demonstrate an understanding of estimating a unit of work and the implications of late delivery		114059		NQF LEVEL 5		5 CREDITS					
1.		SO'S		AC'S		MANUAL NAME		UNIT/CHAPTER		TOPIC		PAGE	
Demonstrate the ability to interpret given cost/benefit analysis documentation S O 1				AC 1		Demonstrate an understanding of estimating a unit of work and the implications of late delivery		1		Demonstrate the ability to interpret given cost/benefit analysis documentation.		6	
				AC 2		Demonstrate an understanding of estimating a unit of work and the implications of late delivery		1		Demonstrate the ability to interpret given cost/benefit analysis documentation		7	
2.		SO'S		AC'S		MANUAL		UNIT/CHAPTER		TOPIC		PAGE	
Prepare a time estimate for an element of work . S O 2				AC 1		Demonstrate an understanding of estimating a unit of work and the implications of late delivery		2		Prepare a time estimate for an element of work		10	
				AC 2		Demonstrate an understanding of estimating a unit of work and the implications of late delivery		2		Prepare a time estimate for an element of work		16	
3.		SO'S		AC'S		MANUAL		UNIT/CHAPTER		TOPIC		PAGE	
Prepare a cost estimate for an element of work . S O 3				AC 1		Demonstrate an understanding of estimating a unit of work and the implications of late delivery		3		Prepare a cost estimate for an element of work		19	
				AC 2		Demonstrate an understanding of estimating a unit of work and the implications of late delivery		3		Prepare a cost estimate for an element of work.		22	
				AC 3		Demonstrate an understanding of		3				25	

			estimating a unit of work and the implications of late delivery		Prepare a cost estimate for an element of work.	
4.	SO'S	AC'S	MANUAL	UNIT/CHAPTER	TOPIC	PAGE
Demonstrate an understanding of the effect of late delivery of an element of work. SO 4		AC 1	Demonstrate an understanding of estimating a unit of work and the implications of late delivery	4	Demonstrate an understanding of the effect of late delivery of an element of work	28
		AC 2	Demonstrate an understanding of estimating a unit of work and the implications of late delivery	4	Demonstrate an understanding of the effect of late delivery of an element of work	32

Specific Outcomes (Practical Competency, Skills) (SO)

Implies the ability to apply acquired knowledge practically in the workplace to achieve a related task. An observation checklist relating to the set assessment criteria are used to assess the learner's achievement of the specific outcomes.

Assessment Criteria (AC)

The criteria against which the achievement of the specific outcomes of a unit standard are measured. Assessment criteria are normally set for specific outcomes only, with essential embedded knowledge implied in the assessment criteria.
